

Members NETWORK

...Launching Late Summer

SPONSORSHIP PROSPECTUS

A Members Network for:

Sustainability Professionals
aka Climate Champions

Leadership for a Better World

The [Academy for Sustainable Innovation](#) is a registered charity that empowers Canada's current and future leaders to advance the transition to a low-carbon, socially-inclusive economy.

[VIEW OUR PROGRAMS](#)

Members Network Purpose:

- Enhance Transition Leadership-focused skill sets.
- Learn practices for enacting sustainable change.
- Build community around climate action.
- Foster collaboration across sectors and career stages.
- Share resources and opportunities.

Cultivating Skills Beyond the Technical

Through ASI's Members Network, we can begin to understand why Transition Leadership skills like collaboration, empathy, and adaptability play a critical role in leading the transition. Solutions to the climate crisis will require us to **lead** our teams, organizations, and communities in a way that uplifts everyone to contribute their best work, **collaboratively**.
